Friday 13<sup>th</sup> January

## Parents Evening

Our first Parents Evening of the year takes place on Wednesday. It would be lovely to see as many of you there as possible because the partnership between home and school is very important. It is a great opportunity to find out how your child is progressing academically and with their relationships with others.

## Cinema Night

The children enjoyed both films, 'Finding Dory' and 'Ice Age 5' this week and ate their own bodyweight in sweets and popcorn! Thanks to the staff who stayed and helped.

## Clubs

Our clubs have been very popular again this term and we have had to disappoint some people for some of the clubs although we have done our best to accommodate everyone.. Letters will come home tonight informing you of the clubs your child can attend and these start next week.

## Reception outdoor area

You might have noticed that we are trying to develop the space outside the Reception classrooms. We are still looking for items such as gravel, soil, bricks, compost, water butt, dust bins and buckets. If you have any of these that you can donate, please bring them in asap.

## Football Cards

Before Christmas I had to ban Pokemon cards as they were causing issues on the playground. Now we seem to have lots of Match Attack cards appearing. I have nothing against them but I know that it is only a matter of time before they lead to arguments and fights. Therefore please can you ensure that your child does not bring them or any other type of trading cards to school.

## Class Assembly

Willow class assembly takes place next Tuesday at 9am.

## Science Fact of the week

Each week we will publish an interesting Science fact:

Butterflies taste food by standing on top of it. Their taste receptors are in their feet unlike humans who have most on their tongue.
